## Professional Summary

Cybersecurity-focused BSc CSE student with hands-on experience in ethical hacking, penetration testing, malware analysis, and security monitoring. Practice daily on TryHackMe and Hack The Box, hold the C3SA certification from CyberWarfare Labs, and am preparing for HTB CDSA, CRTA, and BTF. Coordinated a batch at Hack To Live Academy. Seeking a Cybersecurity Internship or Job to apply and grow practical skills.

## Certifications & Training

- **Certified Cyber Security Analyst (C3SA)** - CyberWarfare Labs (Completed, Oct 2026)
- **Cybersecurity & Ethical Hacking** - Arena Web Security (Certified, Jan 2025 – Nov 2025)
- **Cybersecurity Fundamentals** - Hack To Live (Completed, Jun 2026)
- **Ethical Hacking for Professionals (EHP)** - Byte Capsule (In progress, Mar 2026 – Present)
- **In preparation:** HTB Certified Defensive Security Analyst (CDSA), Certified Red Team Analyst (CRTA), Blue Team Foundations (BTF) - CyberWarfare Labs

## Projects

- **Malware Analysis Lab** - Isolated lab for safely analyzing malware samples and documenting findings.
- **NetScope-Live** - Live network monitoring and analysis tool.
- **Encrypted Password Manager** - Password manager that stores credentials with encryption.
- *Additional cybersecurity projects in progress.*

## Technical Skills

- **Offensive Security:** Ethical Hacking, Penetration Testing, Vulnerability Assessment, OWASP Top 10, PTES / NIST 800-115 (basic awareness)
- **Tools:** Nmap, Metasploit, Burp Suite, Wireshark, Hydra, Kali Linux, BlackArch
- **Practice Platforms:** TryHackMe, Hack The Box (daily lab practice)
- **Programming & Scripting:** Python, JavaScript, TypeScript, C, C++
- **Web & Backend (for secure development):** Node.js, Express.js, React, Next.js, PostgreSQL, Prisma ORM
- **Other:** Linux, Git, GitHub, Docker (basics), VirtualBox

## Leadership & Community

- **Coordinator, Hack To Live Academy** - Coordinated and supported a batch of cybersecurity learners through the fundamentals program.
- **Joint Secretary (Programming), NUBCC** - Northern University Bangladesh Computer Club leadership role.

## Education

- **BSc in Computer Science & Engineering** - Northern University Bangladesh, Dhaka (Feb 2025 – Present). Focus on cybersecurity, secure coding, data structures, algorithms, and databases.
- **HSC (Science)** - RCCI Public School & College, Rangpur (2021 – 2023)
- **SSC (Science)** - Domar ML High School, Nilphamari (2016 – 2021)
